# CREDIT EDUCATION WEEK GALA DINNER

## Credit Canada

November 15, 2007

*On behalf of the Government of Ontario,  
I extend warm greetings to everyone attending  
the Credit Education Week Gala Dinner,  
hosted by Credit Canada.*

*Credit Education Week alerts consumers to the  
need to be conscientious when making financial decisions, and  
to manage their money wisely. Our government greatly appreciates the  
vital role that Credit Canada plays in promoting financial literacy  
and in providing crucial credit counselling services.*

*Tonight's scholarship recipients not only receive  
recognition for their outstanding essays, but also serve as an  
inspiration to their peers. I congratulate these bright students on their  
accomplishments and wish you all the best of luck in your postsecondary  
studies. I applaud everyone involved for their commitment to encouraging  
the pursuit of higher education, and I express my appreciation  
to Credit Canada for establishing these scholarships.*

*Please accept my best wishes  
for a memorable evening and a highly  
successful Credit Education Week.*
