

THE LIEUTENANT GOVERNOR OF ONTARIO
LE LIEUTENANT GOUVERNEUR DE L'ONTARIO

13-16 November 2007

I am pleased to send greetings to Credit Education Week Canada, as you gather to share knowledge about financial matters and credit.

This nation-wide event provides opportunities to present credit counselling resources and tools that empower the general public to manage their financial lives. By offering this forum, you table industry trends and share insights into the needs of various communities. You are also inspiring young adult's to have interest in financial matters through your *Essay Writing Contest* for grade 12 Canadian high school students. Challenging them to think about "How I will fund my post-secondary education" creates an opportunity for responsible planning in a creative way.

As The Queen's representative in Ontario, I congratulate the organizing partners and educators, and send best wishes for a fruitful and productive forum.

A handwritten signature in cursive script that reads "David C. Onley".
